Now, more than ever, Curves is worth every penny.

- For every \$1 you spend on wellness, you are likely to save \$5 on the costs associated with illness.
- Regular exercise can boost your immune system and dramatically reduce your risk for chronic disease.
- The American Institute for Cancer Research reports obesity plays a key role in increasing the risk for many cancers. Regular exercise can help you avoid the disease and its costs.
- Exercise directly reduces stress and can help your mental performance at work.
- Every hour you exercise adds two to your life.

Classes from September to June

Welcome to the 2009 Saugeen Shores Municipal Guide

I am sure you will find the information in this guide very valuable; it is designed to keep you informed of the extensive services offered by Saugeen Shores. It is a resource you can use to access your local government and the municipal departments of the Town.

Saugeen Shores has much to offer and with this guide you can review the possibilities. I encourage you to keep abreast of the wide selection of cultural and recreational activities. Mark your calendar and plan to participate in the special events happening in our community. Volunteer with one of the many groups working to make our Town one we are all proud to call home.

We are excited to have been selected to be a route community for the Olympic torch on Monday, December 28th. This is an great opportunity to highlight Saugeen Shores on the map.

Browse through this guide and learn about the services provided by our Town staff. I am sure many of your questions will be answered.

Thank you,

Mike Smith
Mayor, Town of Saugeen Shores

Police Services

Saugeen Shores Police Service has a mission "to serve and protect in partnership with the community." This is achieved in conjunction with the Police Services Board, Chief, Inspector, 3 Patrol Sergeants, 14 Constables, Criminal Investigator, Drug Enforcement Officer, 10 Jail Guards, Inspectors and Criminal Investigations Officers and 2 Administration Staff. The force also has an Auxiliary Program that was established to assist with the community connection.

The Community Watch

In late 2002, Saugeen Shores Police Service developed a Community Watch Program. This Program essentially provides the Police Service with more eyes and ears on the streets. Ordinary citizens form to help reduce acts of vandalism and crime by keeping a neighbourhood watch over their communities. Volunteers do not take enforcement action. Their role is purely an observe, record and report initiative. If you are interested in getting involved with this program please contact Constable Chantel Primeau.

Road Safety Initiatives

R.I.D.E. programs have proven to be an effective mechanism in the reduction of impaired driving. The police service also endorses the Operation Lookout for Impaired Drivers program. The program asks for individuals to get involved by reporting potential impaired drivers. For more information on this program go to www.safeandsober.ca.
