TOWN OF SAUGEEN SHORES Information to Property Owners

Re: Southampton Sanitary Sewer Expansion North of Saugeen River

Environmental Assessment Planning Process

The "Project File" for the Environmental Assessment for Southampton Sanitary Sewer Expansion north of the Saugeen River has been updated with the following:

1. Initial comments for regulatory agencies
2. Public comments
3. Natural Heritage Environmental Impact Study (EIS)
4. Archaeological assessment
5. Additional project information

Public Notice

The updated "Project File" is available through the following sources:

1. Posted on the Town Website (under Latest News)
2. Available on CD's at the Town office
3. Paper copies will be available for viewing at the Town offices
4. Paper copies (\pm 400 pages) will be mailed out to individuals that request a copy, however staff is trying to limit the number of paper copies as this is not the final document and to limit the impact on the environment by using less paper.

If you require a paper copy or a CD mailed, please call Darlene Noble at 519-832-2008 ext. 130 or email Darlene at nobled@town.saugeenshores.on.ca

Comments, Questions or Concerns

Comments, questions or concerns regarding the project should be directed to:
David Burnside, Director of Engineering Services
Phone 519-832-2008, ext 123
E-mail address: burnsided@town.saugeenshores.on.ca
