June 1, 2009

NOTICE TO RESIDENTS OF BREADALBANE STREET

FROM ADELAIDE STREET TO SPENCE STREET

TOWN OF SAUGEEN SHORES

The Town of Saugeen Shores proposes to install new watermain on Breadalbane Street from Adelaide Street to Spence Street.

Upon completion of the watermain the contractor will replace the asphalt.

It is anticipated that the work will start the week of June 8th and be completed by mid July.

Vehicular access to your home will be maintained except when the Contractor is working in your immediate area. There may be some brief interruptions to your water service while connections are being changed. You will be advised of any planned interruptions. If interruptions occur due to a waterline break or other unforeseeable circumstances, service will be restored as soon as possible.

If your residence has any sprinkler heads encroaching on municipal property please have them clearly marked and best efforts will be made to avoid them. However, the town will not be held responsible for damage to these or any other items that may be on municipal property (i.e. flower gardens, shrubs, fences etc.).

During this time of construction we would ask that recycling and garbage pick-up be carried out as normal by the homeowner. If the portion of road in front of your home is closed the contractor will move your garbage/recycling to an area that the collection trucks can access and bring your containers back to your property. Please put your house number on your blue box and or garbage can so it can be returned to the correct house.

The Contractor for this project is Omega contractors.

If you require additional information or have any concerns, please contact Stuart Doyle at (519) 832-2008 Ext. 101

We wish to thank you in advance for your patience and co-operation during the construction period.
