

Municipal Heritage Conservation Award 2006

Mr. Jack Shilling

The Municipal Heritage Committee (formerly LACAC) would like to present the 2006 Heritage Conservation Award to Mr. Jack Shilling, from Southampton.

The background information is provided by Mr. Shillings' grandchildren.

Mr. Shilling has spent endless hours recording and sharing most of the community's significant events over the past 20 years through his hobby of video recording. Dozens of tapes have been donated to, and are available to the public, at the Southampton Library and the Bruce County Museum and Cultural Centre.

He did all of this not just for himself but to share these events with those involved and for future generations.

By recording and sharing these special events in the history of the community, we feel he would be a worthy recipient of the 2006 Annual Heritage Conservation Award.

Congratulations from the Saugeen Shores Municipal Heritage Committee.
