To maintain a high quality of programming; camp wide rules and expectations are upheld to continue to foster a safe, inclusive and positive camp experience for everyone.

Campers should have a positive attitude ready to participate to the best of their abilities in games and activities. Campers are to be kind to one-another, take turns and utilize fair-play practices during both structured and unstructured activity time. Campers are to show respect to their leaders by practicing good listening skills, as well as demonstrate respectful practices with the equipment and facilities by reporting damages and using equipment safely and with a designated purpose. While camp can be a lot of fun, it's essential for campers to remember to keep their hands to themselves and remember "hands-off" while interacting with others.

Any camper who diminishes the camp experience for peers, leaders or themselves may be removed from programming. Note that mistreatment, inappropriate language, aggressive actions and violent or physical behaviours will not be tolerated.

Campers requiring additional assistance within our camp programs are to connect with Community Services Staff prior to registration to discuss fit and needs.
