Program Descriptions and Admission Guidelines

Gentle Fit: Enjoy a lower intensity option compared to our traditional AquaFit program. This low impact workout uses the water as resistance. Remember to go at your own pace; instructors will incorporate strength work and gentle movements.

Aqua Stretch: Unwind your week with Aqua Stretch. Utilize the properties the water has to offer, see yourself stretch and gain mobility easier than on land. Aqua stretch will work your body through it's full range of motion while also incorporating some mindfulness practices.

Baby Fit: Enjoy a full body workout and some fun with your 6-20 month old baby in the pool in our Parent & Baby Aquafit class. Meet other parents, babies and enjoy the in-water exercise. Classes are 45 minutes in length and have a mixture of cardio, core and muscular endurance, all while incorporating your baby.

Parent and Tot Swim: Parents and caregivers can swim with their children in the leisure pool. It is a 2 children to 1 adult ratio and children must be within arms reach at all times. Depending on other programming pool features may not be on during this swim.

Adult and Senior Swim: This is an open swim time for adult and seniors to swim in the Leisure pool. You must be 18 years of age or older.

Family Swim: Leisure Pool will be open to families to come for a swim. There must be an adult 18 years of age or older present and in the water with swimmers under the age of 18 years of age. Pool admission policies apply.

Fun Swim: Shallow and Deep areas are available as well as fun pool activities. Pool admission policies apply. Please review before arrival.
